2010 FILM FESTIVAL

OUR ENVIRONMENTAL FUTURE IS NOW!

CLIMATE CHANGE
ACTION GROUP
OF ERIN

Five provocative, award-winning films presented by the **Climate Change Action Group of Erin** in partnership with **Credit Valley Conservation**.

Thursday, January 21, 2010, 7 pm

Taking Root: The Vision of Wangari Maathai

How the simple act of planting trees grew into a nationwide movement to safeguard Kenya's environment, protect human rights, and defend democracy.

Sponsored by **Baker Forestry Services**

Thursday, February 18, 2010, 7 pm

Who Killed the Electric Car?

An exciting who-dunnit chronicles the life & mysterious death of thousands of electric vehicles built in the 1990s. And the main suspect smells a whole lot like gasoline...

Sponsored by **Rob's Automotive**

Thursday, March 18, 2010, 7 pm

Waterlife: The Story of the Last Great Supply of Drinking Water on Earth

A haunting, magnificent film about an extraordinary ecosystem – ours! But one thing is clear: the Great Lakes are changing and something's not quite right with the water.

Sponsored by **Paul Morin Studios, The Burdette Gallery and Geo Foundations**

Thursday, April 15, 2010, 7 pm

H2Oil

What's more important, oil or water? Alberta's tar sands are the size of Florida and soon to be Canada's largest emitter of greenhouse gases. Each barrel of gas extracted from the tar requires two to five barrels of water, heated by natural gas, to produce one barrel of oil.

Sponsored by **Wellington Water Watchers**

Thursday, May 20, 2010, 7 pm

Food, Inc.

A close and shocking look at the not so savory underbelly of the US food industry, well hidden from everyday consumers. We're much better off here in Canada – or are we?

Sponsored by **Treehaven Natural Foods in honour of Helen Lakusta**

Screenings will be followed by moderated discussion with local experts.

All films start at 7 pm (doors open at 6:30 pm)
